Liquidator Has Probed Into Affairs of Insolvent Institution and Has Information Which May Incriminate Other Prominent Men Who Have Been Connected With the Institution

Warrant Has Been Issued For Dr. Beattie Nesbitt Who the Authorities Think Can Explain More Things As To How the Money Went Out—St. Thomas Shareholder Will Press For the Full Investigation

Toronto, Jan. 16.—Startling disclosures are indicated for the meeting of the Farmers' Bank shareholders and depositors tomorrow. It is understood the liquidator, Q. T. Clarkson, has probed into the affairs of the bank since its failure and has obtained information fully covering the steps which led to its collapse and the sensational developments which followed. Any shareholder or any depositor will have the right at the meeting tomorrow to ask any question and to be given any information the liquidator has in his possession.

Does the conduct of acting liquidator, who the liquidator has been asked Mr. Clarkson, "by no means," he replied, "to give the meeting the full picture of the situation."

Warrant For Dr. Nesbitt. The warrant has been issued for the arrest of Dr. Beattie Nesbitt, by which he is charged with the eluding the local police, who had been told he was coming to the meeting. When last seen he was wearing a fur hat and had boarded the C. N. train.

The crown authorities however, are determined to capture him, and they claim he can explain to them a lot of things about the way much of

# SAS HELPWOOD IS THE OBSTACLE

Correspondent of Toronto Telegram Asserts That U. S. Wishes Access to Canadian Forests.

Toronto, Jan. 16.—A special from Washington to the Telegram this morning says—"Canadian pulpwood is what the United States wants. The United States negotiators are on the verge of securing a treaty with the government of Quebec, by which they may be able to get the Canadian manufacturer to sell the United States market from which the Washington people have barred him in favor of manufacturers in Germany and Scandinavia. The United States negotiators are now hammering down the door of the broken maple imported for use in the manufacture of sulphate."

That is part of the difficulty out of which the negotiators are trying to find a way. Soreno Payne, author of the valuable and the Payne-Adelphi report, says that the pulp duties were reduced eleven per cent. The men who are using up four thousand tons of pulp each year are now being refused to believe it. They are charging for the 100 tons per day, making half the Canadian supply.

# HOW TO DISPOSE OF SINKING FUNDS

Mayor Armstrong is Now Securing Opinions of Other Municipalities

The method of disposing of the sinking funds of the city by the sinking fund is one of the questions that Mayor Armstrong is asking up in the early part of his majority duties. At the present time the city is annually about \$150,000 for sinking funds and this is increasing rapidly as the bonded indebtedness gradually grows larger.

Mayor Armstrong has just received a letter from Mayor Evans, of Winnipeg, one of the best financial authorities in the province, in connection with the disposal of the sinking funds of the Manitoba city.

# PASSENGERS HAD A TRYING EXPERIENCE

Edmonton People Coming From Vancouver Were Tied Up at Golden, B. C. From Monday Till Friday—Weather So Cold They Could Scarcely Leave the Cars—Calmed Railways.

Passengers who arrived in Edmonton on Saturday afternoon from the coast report a most trying experience in the trip through the mountains during the storms and exceptional cold of last week. The week was said by railway men to have been one of the hardest in the history of operation for some years past. In addition to the raging blizzard there was the intense cold and many of the non-car-suffering from frost bites, more than is recalled.

Covered with frost, snow and ice the train which left Vancouver a week ago yesterday, pulled into Calgary Friday evening at half-past seven. It was a most trying experience, one of the hardest in the history of operation for some years past. In addition to the raging blizzard there was the intense cold and many of the non-car-suffering from frost bites, more than is recalled.

Neither the station officials, nor the train crew seemed to know just what the course of the train was. It left Vancouver on the 10th of December, and arrived in Edmonton on Saturday afternoon.

## STRATHCONA NEWS

## LOCALS.

The Strathcona fire brigade was called out on Saturday evening shortly after ten o'clock for a blaze in Walter, dele, near the lumber mill of John Walter. The fire was extinguished before much damage had been done, but the firemen had a cold run down the hill.

There has been a great improvement in the Sunday street car service during the past two weeks. The cars now run on a forty minute schedule till one o'clock and after that on a half hour schedule, as on week days, for the remainder of the day.

These promises to be a record crowd at the hockey match in Strathcona rink tonight between the Bears and Strathcona players. This game will go a long way towards deciding the amateur championship. If Strathcona wins they will likely tie with the Bears, who defeated the Bears in the last several weeks ago. If they lose they will likely be out of the running. The Bear, Calgary, will referee. This game is expected, and Jack Winchester, Edmonton, will be judge of play.

The pulpit of the Baptist church yesterday was occupied morning and evening by students of Alberta College. Friends of Rev. Alex McDonald who is ill at the Strathcona hospital will be pleased to learn that he is somewhat improved in health.

A. B. Kent, whose playing in Strathcona several years ago was of a high order is making a name for himself in Calgary. This winter, the Friday night game for Calgary against St. Mary's on the question of corner point. His team won out by one point. He is playing the Alberta game. "To pick out the brilliant line-up in the West, but it was not alone in the winter work that he has done.
